

# The Tech

VOL. XXV. No. 68.

BOSTON, MASS., WEDNESDAY, APRIL 4, 1906

PRICE THREE CENTS.

## SEAT APPLICATIONS OUT.

Tech Show Management to Use Last Year's Method of Distribution.

The Tech Show Management has sent out application blanks for seats for this year's performance at the Colonial Theatre, April 26 and 27. The distribution is to be under the same rules that were adopted for last year's distribution, as it was found that these rules gave everyone an equal chance and prevented any one person from securing a large number of seats.

The price of tickets this year will be the same as in previous years, and all particulars will be given on the applications. All applications must be in before 5 o'clock Thursday, April 12, and should be addressed to J. D. Whittemore, Business Manager. The rules governing the distribution are as follows:

1. Any member of the Faculty, any graduate or undergraduate and any person interested in the Tech Show may make application for four seats.

2. An application for more than four seats except by a member of the Faculty or by a Patron or Patroness will not be accepted. Members of the Faculty, Patrons and Patronesses may apply for more than four seats. (This does not hold for out of town performances.)

3. The seats applied for may all be for one performance, or may be divided in any manner between the two.

4. Each applicant is responsible for the tickets allotted him. Any Tech man whose tickets are found in the hands of a speculator will thereafter be denied the right of securing tickets by application.

5. Those desiring seats together may pin their applications together. The several applications so united must not call for more than eight seats in all and will be rated with the lowest class represented.

6. The distribution of tickets will be by lot in the following order (See Section 11.):

(a) Patrons and Patronesses. (b) Senior Class and the Faculty. (c) Members of the Show not Seniors. (d) Junior Class. (e) Officers of Instruction, not members of the Faculty. (f) Sophomore Class. (g) Freshman Class. (h) Graduates. (i) All others.

7. Special students will be classed in accordance with the number of years they have been in attendance at the Institute, when not rated in any definite class. Grad students rank as Seniors.

8. Applications must be made upon application blanks furnished by the Management.

9. Tickets paid for by check upon application will be sent by mail immediately upon allotment. Tickets will be sent by registered mail if the registration fee of 8 cents accompanies application.

10. Tickets not paid for will be reserved until 5 p.m. Monday, April 23, after which they will be sold as soon as opportunity offers.

11. All applications must be in before 5 o'clock Thursday, April 12. Late applications will be filled as received if the ticket supply holds out.

Notice will be sent when seats are ready for delivery.

## MR. KENISON TO SPEAK.

Mr. E. Kenison of the Instructing Staff will address the Thursday meeting of the Christian Association. His subject will be "Evolution or Revolution?"

## SPRING TRAINING TO BEGIN.

Track Team Candidates to Report at Tech Field Tomorrow.

Spring Training for the Track Team and candidates is to begin tomorrow at the Technology Field. New men are greatly needed in all events and especially in the shot-put, discus throw, and running broad jump. The Annual Handicap Spring Meet is only two weeks off and every candidate will have to do thorough training in order to be in good condition.

## REVIEW OF QUARTERLY.

The March issue of the *Technology Quarterly*, somewhat delayed, has made its appearance on the library shelf. Besides containing the proceedings of the Society of Arts, it has four principal articles, two of special interest to teachers and two interesting to the biologist.

Professors Bigelow and Johnson discuss questions of teaching in their respective lines. Prof. Bigelow's paper relates to language teaching with special reference to pronunciation and conversation. The tone of the article is thoroughly modern and utilitarian.

Professor Johnson contributes an article on applied geology and its place in the technical school. The sum of usefulness of geology to the engineer lies in the greater familiarity it secures to him with the locality in which he works. By knowing the country he meets his problem in better form than if the engineering features alone are known. The issue closes with two articles on bacteria, and a number of book reviews.

## HARE AND HOUNDS START SEASON.

The first Hare and Hounds chase of the season will be held on Saturday, April 7, from the Reading Y. M. C. A. The trail will be about four and a half miles long, and a good shower bath can be had at the finish.

As this is the first run of the season a very easy pace will be set, and no one need be afraid of their ability to keep up. The party will go to Reading on the 2.15 train from the North Station, track 7. Round trip fare, 25 cents.

## GYM TEAM TO EXHIBIT.

The Gymnastic Team will give its second annual exhibition at the Gym on April 13. Although many of the good men of last year's team graduated last June, the meet promises to be a very interesting affair as the men on the team have been working hard all winter and the new men are showing up nicely. The events will be: high horizontal bar, parallel bars, long and side horses, buck, horizontal ladder, tumbling, and a boxing bout.

## OLYMPIC STARS SAIL.

American Team Leaves for Athens.—Will Train on Ship.

The American athletes who are to compete at Athens in the Olympic games sailed from New York at 11 o'clock yesterday morning on the steamship Barbarossa. The first landing place will be at Naples, Italy, from which port another steamer will convey the men to the Greek coast six days before the games start.

The only training until landing will be what can be indulged in on shipboard, such as skipping the rope, dumb bell exercises and starting for sprints. The final training of the Americans will be done on the battle ground in the shadow of the Parthenon. The team is most representative of American athletics and should make a good showing.

## ARCHITECTS COMPETE.

A twelve hour *en loge* composition was held in the architectural drawing rooms last Saturday for the traveling scholarship offered by the New York Beaux Arts Society. The drawings of the four Tech men entered were hung in the architectural exhibition hall on Monday prior to their being sent to New York, where they will be judged with the sixteen drawings from other schools. They are plans of a large music hall to be placed in the center of a public square and are entirely original for no books were allowed in the room during the competition.

## ALUMNUS IS PROMOTED.

George W. Kittredge, '77, formerly chief engineer of the Big Four railroad system, has just accepted the position of head of the engineering department of the New York Central. He entered the railroad service in 1880, and has since been connected with the Pittsburg, Cincinnati, and St. Paul, and the Big Four systems. He was president of the American Engineering and Maintenance of Way Association from 1902 to 1903.

## CROSS COUNTRY NOMINATIONS.

There will be a meeting of the Cross Country Association in 26 Rogers on Friday for the election of officers. The following are the nominations: President, Gimson, '08, Allen, '07; Secretary, Allen, '07, Ames, '08, Clapp, '08; Captain, Callaway, '08, Gimson, '08; Manager, Starkweather, '07; Chase Captain, Clapp, '08, Hunter, '08.

The following men at the Institute are entitled to wear the C.C.: Adams, '06, Beam, '07, Callaway, '08, Clapp, '08, Clapp, '06, Howard, '06, Gimson, '08, MacGregor, '07, Meyers, '06, Starkweather, '07, Ruggles, '06, Tompson, '07. Six of the men have also been awarded the T.

## CALENDAR.

### WEDNESDAY, APRIL 4.

- 4.00 P.M. Rehearsal of Tech Show Chorus at the Tech Union.
- 4.00 P.M. Glee Club Rehearsal at the Boston Y. M. C. A.
- 4.00 P.M. Meeting of Gym Team at the Gym.
- 4.15 P.M. Geological Journal Club Meeting in 14 Pierce.
- 5.00 P.M. Technique '08 Electoral Committee Meeting in 26 Rogers.
- 6.30 P.M. Senior Class Dinner at the Union.

### THURSDAY, APRIL 5.

- 1.00 P.M. Sophomore Class Meeting in Huntington Hall.
- 1.30 P.M. Weekly Meeting of the Y. M. C. A. in the Parish Hall of Trinity Church.
- 1.30 P.M. Chess Match, Tech vs. Dartmouth, at the Tech Union.

- 4.00 P.M. Glee Club Rehearsal at the Boston Y. M. C. A.
- 4.00 P.M. Banjo Club Rehearsal in 33 Rogers.
- 8.00 P.M. Last of Series of Lowell Institute Lectures by Prof. Putnam, in Huntington Hall.

### FRIDAY, APRIL 6.

- 1.00 P.M. Cross Country Association Meeting in 26 Rogers.
- 4.00 P.M. Tech Show Chorus Rehearsal at the Tech Union.
- 4.00 P.M. Mandolin Club Rehearsal in 31 Rogers.
- 5.00 P.M. Technique '08 Electoral Committee Meeting in 26 Rogers.
- 7.30 P.M. Mining Engineering Society Smoker at the Union, Address by Prof. Richards.
- 8.00 P.M. Civic Club Meeting in 16 Rogers.

## NOTICES.

**Sophomores.** — The Sophomore Class will hold a meeting Thursday, at 1 P.M., in Huntington Hall.

**Convocation.** — The next convocation will be held April 16, at which President Faunce of Brown will meet the student body.

**Gym Team.** — All men expecting to take part in the gymnastic meet must report at the Gym today at 4 P.M. It is important that every one should come out.

**Seniors.** — The last informal Senior dinner will be held this evening at 6.30 at the Union. The speakers will be Profs. Dewey, Clifford, and Miller, Messrs. Homer, Albers, Rand, and Blackstein.

**Geo. Journal Club.** — The Geological Journal Club's regular meeting will be held today at 4.15 P.M., in 14 Pierce. Topics: "Desert Regions of the World;" "Geology and Water Resources of Long Island."

**Civic Club.** — There will be a meeting of the Civic Club in 16 Rogers on Friday evening at eight o'clock. Subject: "Resolved, that the Defects in American Municipal Government are due to our Republican form of Government."

BOSTON, MASS., WEDNESDAY, APRIL 4, 1906

# The Tech

Published every Monday, Wednesday and Friday during the college year (from September to June), by students of the Massachusetts Institute of Technology.

Entered as second-class matter October 6, 1904, at the post office at Boston, Mass., under the Act of Congress of March 3, 1879.

In charge of this issue: W. F. DOLKE, 1908

Wednesday, April 4, 1906.

In reply to the communication which appears in this issue it may be said that we believe that the Advisory Council on Athletics has full charge of the Field Day Emblems. We agree that uniformity as well as taste is desirable and that the style of the 1902, 1903, and 1904 should be a standard. The 1905 emblem is certainly not as attractive as the others and would not look well beside them. The only explanation that we can offer for the change of style is the lack of the necessary funds to obtain an emblem similar to the others.

The Tech Show is as essentially a college function as the Prom, and the majority of our friends go to it more for the insight it gives them into Tech student life than to see the performance itself. Tech Suggestion.

A little judicious decorating would add greatly to the general scheme of a college performance and could be done at a comparatively small expense. Several lengths of cardinal and gray bunting would cost but little and could be used every year. Mr. Rand would certainly not object to lending the graduate class banners from the Tech Union for such a purpose and each of the undergraduate classes could be relied on to provide a large emblem of some kind. Moreover there are a large number of organizations which would like to be represented at the Show in some concrete manner; besides the different fraternities there is the Round Table, Hammer and Tongs, *Technique*, the State Clubs, and many others. This mass of banners, flags, emblems, streamers, etc., if well arranged would give the theatre a gala appearance and would make the Show stand out in the minds of our visitors as a thoroughly collegiate affair.

Spring training for the Track Team starts tomorrow afternoon. The call is rather late this year owing to the poor condition of the field, recent snows having made it very soft in places. The track is now being rolled and should be ready for use tomorrow. All those who intend to try for the team should report at once as there are but two weeks before the Annual Spring Meet which takes place April 21. Every man who believes that he can win a point for his class at that meet should come out and make good. Freshmen are especially urged to come out and begin work during their first year at the Institute as the experience and confidence which they gain from competition cannot fail to prove valuable to them later. Do not let the excuse of not having an athletic career behind you deter you from making your best attempt to realize the opportunity that is before you.

**Mining Eng. Society.** — The Mining Engineering Society will meet Friday, April 6, at 7.30 P.M., at the Tech Union. Professor R. H. Richards will speak on the "Black Sands of the Pacific Coast." No tickets are required.

#### READING NOTICE.

**Summer Work.** — A Springfield firm has positions for Tech men, paying \$2.00 per day and upwards according to ability. See A. C. Nichols, '08, at Cage, 1.05-1.15.

#### INVENTOR.

The Technical Magazine for all Technology Students. Something different from all those you have seen. Instructive, and written by men of authority in their special lines. Contributors are Prof. Geo. B. Haven, M. I. T. Mechanism, W. F. Hillebrand, Analytical Chemistry, the Telautograph, etc. 5 cts. at newsstands, 50 cts. per year. Subscriptions taken by J. N. Stephenson, '09.

## COMMUNICATION.

*The Editors do not hold themselves responsible for opinions expressed by correspondents.*

### To THE EDITOR OF THE TECH:

I want to say a word in regard to the Field Day banners for the Union. The banners of Field Days for 1902, 1903, and 1904, were wisely made of one size and kind and evidently it was the intention to keep all those banners of a kind. However, when it came to 1905 an entirely different and, I may say, very poor type was chosen. The banners as they stand are of two types, and if a precedent is not made of that first type there are likely to be several more. It is my idea that to establish a precedent and rule in that regard would be a wise thing.

Will you suggest as to who should take action in this matter for it is one that concerns the decoration of the Tech Union greatly. Will it be a subject for Class action or what?
